Group ideas

Be visual

The facilitator should group all the ideas from the brainstorming process (step 2). After that, you should add your opinions by adding arrows to point ideas into other groups and sticky notes and icons to share your thoughts.

PRO TIP: This is a great place to use color coding. You can change the color of multiple sticky notes at once.

# Prioritize

The facilitator should copy and paste the groups from step 3 into this area and setup the vote details. Let's vote! Add a vote on sticky notes you think are a high priority. You can also add your vote to an entire group.
